Respected Sir/Ma'am,

I am writing this email to inform you about some rowdy behaviour happening in my neighborhood. One of our neighbours has been harassing me and my family for the past 3-4 months. The miscreant known as Niladri Sarkar alias "Pinku" (A-9/282) has been causing nuisance and stress to our family as well as the house (A-9/290) opposite to our property.

- Walking for several hours on the street near our house while women of the houses are doing house chores,
- Making indirect threat and dummy calls to intimidate the residents of both our houses.
- Not giving passage to commuters on the road while he is walking in a drunken state.
- Uncomfortably advancing towards my mother on several occasions. (Timestamp 6:58)
- Playing romantic songs on mobile while women are working outside (gardening, housekeeping etc). (Timestamp 1:30)
- On several occasions he abused me without any provocation on the road while I was standing outside my home. On confronting him about his misdeed he started to give me death threats. (Timestamp 5.17)
- A maid who worked in his house allegedly claimed he molested her and made abusive comments towards her. The maid has subsequently pressed charges.
- The maid also worked in the house opposite ours, therefore he started to intimidate the residents in that house to keep quiet.
- He tried to frame the owner of that property with a false case of foreign money laundering.
- He has given several death threats to the maid to prevent her from entering the area.
- On 4th October after he abused me I confronted him and an eventual fight broke out between us, he lodged a formal FIR against me, my father and the house owner next to ours. (Timestamp 5.56)
- The fight was because he started threatening my aged father in front of my house and he "Pinku" was the first attacker.
- There is a case registered against both parties in court, however due to his political and police connections he is still intimidating us daily and spreading misinformation.
- Stalking the women of both our houses whenever they come out to work.

The local police station had been informed about this behavior and after several warnings from them, it continued. As for me I was working / staying out of state for 7-8 years due to studies and work. I work as a software engineer and have been working from home since May. My father is a retired government servant.

I am also providing some CCTV footage I have gathered for several months to back my claim (Please refer timestamps) :

3. The aggressive behaviour against my mother is still persistent, although it has reduced.
4. I have received threat calls from people claiming to be family members of the opposite party(Niladri Sarkar alias "Pinku"), (threatening to ruin me in court).
5. There has been attempt to make me do something aggressive by constant provocation against my mother.
